Dear Mr. Jason Weiss:

I am excited to apply for the Video Editor – Digital-First Product & Functionality Content position at Motion Recruitment. With a strong background in digital-first video and audio production, visual storytelling, and motion graphics, I am eager to contribute my expertise to your innovative AI-driven platform.

I am currently pursuing a Bachelor of Science in Electronic Media and Broadcasting at Appalachian State University, with a minor in New Media and Culture. I have developed advanced skills in motion graphics, UI animation, and video editing through tools like Adobe Premiere Pro and After Effects. As an online content creator, I have crafted engaging multimedia content optimized for TikTok, Instagram, YouTube, and other social platforms, aligning with modern digital trends and audience engagement strategies.

My experience managing online inventory at Belmonte Auto Imports sharpened my ability to communicate product features and user experiences visually effectively. Additionally, my tenure as a Service Writer at Epic Auto Center enhanced my attention to detail and ability to translate complex concepts into clear, accessible content. I am particularly drawn to this role because of my passion for visually demonstrating digital tools and software interfaces in a compelling, engaging way.

Motion Recruitment's commitment to making software development seamless and social-first aligns with my expertise in digital storytelling and UI-driven content creation. I am eager to leverage my skills in motion design and product-centric video editing to enhance user understanding and engagement.

I am eager to discuss how my experience aligns with your needs. Please feel free to contact me on my website, dillonbelmonte.com, dbelmonte82@gmail.com, or 919-720-8366.

Thank you for your time and consideration. I look forward to the possibility of joining your team.

Sincerely,

Dillon Belmonte

About Me

I'm a visual storyteller and digital content creator specializing in video editing, videography, photography, graphic design, & audio production. My college education at Appalachian State University prepared me for many positions, including videography, photography, video editing, corporate graphic design, & other freelance projects. I bring a wide skill set to every project, turning initial concepts into a complete final product. I am proficient in the Adobe Creative Suite. (Photoshop, Premiere Pro, Audition, etc.) I am currently expanding my expertise in 3D modeling & social media strategies through online platforms & courses at Appalachian State. I'm a dedicated creator, constantly expanding and utilizing my skills to make any project come alive. Let's connect!
